1. Mr. Bob Schulte (observing and listening)
2. Councilor Betty Ludtke (observing and listening)

Chair of Committee made the announcement that the Appointments Committee members would be conducting interviews for the Planning Board, and Conservation Commission for those that submitted applications and those that are up for reappointment, however the Appointments Committee would hold recommendations of these two until all applications and reappointment considerations have been scheduled and interviewed. Chair of Committee will go in order of the posted Agenda

Interview the following candidates:

Laurence Morin, (current member) up for reappointment on the Conservation Commission

Councilor Shaughnessy asked about his professional background, as he was placed on the Conservation Commission before she was a Councilor, but stated she had received a letter of support for his reappointment from Mark Akselson.

Mr. Morin stated his experience was gained; he was a lawyer and a realtor.

Appointment Committee c/o Barnstable Town Council

Attn: Cynthia Lovell, Clerk of Town Council 367 Main Street Hyannis 02601

To The Appointment Committee: As a local property owner I am pleased to be able to write in support of Larry Morin's re-appointment to the Conservation Commission. There are a number of reasons why I am recommending Larry. Firstly, Larry is a dedicated public servant who takes his responsibilities very seriously. He always puts the public interest first, while remaining accessible to the

property owners who have come before the commission. Larry makes an extra effort to interact with property owners to reconcile the sometimes conflicting positions between their requests, and the environmental issues and responsibilities of the commission. Secondly, from a practical perspective, Larry's experience as an attorney makes him very well qualified to interpret the Environmental Code and the various regulations surrounding conservation issues.

Finally and perhaps most importantly, there are two critical criteria for members of the commission which Larry possesses in abundance: honesty and rigor. Larry does not simply accept things at face value, he will ask questions and investigate until he is satisfied that he has all the facts. It is only at this point that Larry will render a considered, and fair, opinion. These are rare qualities which are all the more necessary in these times, when deep pocketed organizations come before the commission with consultants and arguments which, while seemingly plausible on the surface, are nevertheless contrary to the underlying objective of protecting the environment and local residents. Ultimately, in my experience as a local property owner, I believe Larry is unafraid to "speak the truth to power" and this, in addition to his many other practical qualifications, is why I feel he is a very valuable member of the commission, and should be re-appointed.

*Sincerely,
Mark Akselson*

Councilor Starr asked about any frustrations he may have encountered while on the Conservation Commission. Mr. Morin stated that every issue that comes before us has issues, but that is what we do as a commission, we try and make it better, some are complex issues and others are simple.

Councilor Atsalis asked Mr. Morin what were some of the more complex issues that he has seen come before the Commission.

Mr. Morin stated that enforcement is an issue, homeowners not complying with the changes made at the Commission level, and the enforcement of those that are not in compliance, or current homeowners that acquired the property.

Councilor Mendes asked about open mind decisions, and if he was able to have an open mind when issues come before the Conservation Commission.

Mr. Morin said that most of the Commission has the material beforehand, so to say that there are not informed opinions prior to a hearing is probably not an accurate statement, however when the applicant is before the Commission, I try and have an open mind and listen to the applicant and their needs and make an informed opinion after that. Compromise is inevitable.

John Abodeely (current member) up for reappointment on the Conservation Commission

Ms. Paula Schnepf, Appointment's Committee Chair and Committee Members
Town of Barnstable
367 Main Street
Hyannis, MA. 02601

Dear Ms. Schnepf,

I am submitting my application to fill a recent mid-term vacancy on the Planning Board. As some of you are aware, I served on the Planning Board for nine years, beginning 2006. It was a great time to serve, as the town had just implemented the Growth Incentive Zone, and reorganized its planning department to manage the predicted growth and development. Because the zoning in downtown Hyannis was all new, and basically all the processes were new, everyone was learning how to navigate the new dictates of downtown zoning together. This included town and staff leadership, town planners, the legal department, and applicants and their attorneys. During this time, I also learned a lot by attending "citizen planner" seminars, as well as participating in arbitration meetings for a certain residential project. In 2008, the Planning Board served as the working committee to create the Local Comprehensive Plan. This is the current plan, as it was adopted in 2010. Currently, I Chair the Local Comprehensive Planning Committee as we work to update the 2010 LCP.

My experience on the planning board instilled in me a great respect for the process, as well as statutory law (zoning) and the implementation of town policy depicted in other existing plans, such as the Housing Production Plan, and the Open Space and Recreation Plan, etc. Our town is fortunate enough to have 7 villages...each with its own personality, and I am committed to applying our policies and laws to each application individually.

I am a lifelong resident of the village of Hyannis and believe that my past experience and current involvement in the LCPC will serve the Planning Board well.

I have attached my resume and look forward to an interview to further discuss the positive impact I will have, should you choose me to fill the recent vacancy.

Thank you for your consideration,

General Skills:

To Whom It May Concern,

As a long time summer resident and now retired full time resident, I have become very interested in town government. Lately my interest has been the CWMP and various Wind Projects. I attend as many meetings as I can to keep myself informed. As I stated on my CV I mentor a local electrical WBW / DBE contractor. I would like to be transparent and make you aware that the company I work for has performed work on the CWMP and will be working this summer on the Vineyard Wind Offshore Platform.

My decisions and opinions are a personal matter and are not directly related to my current position. I believe my prior experience in the construction industry will provide me with the background to make informed decisions.

I have appeared before the Conservation Committee for a permit to construct a bulkhead to combat erosion on my property. I enjoyed the experience and professionalism of the Committee. I think a lot of my interest in town government stems from this experience.

I also occasionally attend Town Council meetings and have been fortunate to meet various town officials. Recently I and my wife have completed the course on how our town's government works with Susan French. Through this class I met many department employees and have been impressed by how well our town government works and the quality of the employees and their commitment to their work.

Many of the open positions are of interest to me. I appreciate your guidance regarding which board or committee is the appropriate choice for me to serve on.

*Sincerely,
Lawrence M. Hurwitz

April 17, 2023

Dear Ms. Lovell,

This letter is to express my interest in serving on a Town of Barnstable board or committee. Attached please find the application form with the boards and committees of interest marked.

In July 2019, I became a full-time resident and registered voter in Barnstable. Our home on the Centerville River has been in the family since the early 1970's and we have spent every summer here since that time.

Because of our proximity to the water and our experience with boating, fishing and general concern for this environment, I am interested in becoming involved with boards or committees that are focused on working to maintain and improve our natural resources.

I am a retired educator with 25 years of service in the Sharon, MA school system. I am licensed in Elementary Education and as an Elementary Math Specialist with a Bachelor of Science Degree in Animal Science and a Master's Degree in Education. During my entire time in Sharon, I was active in the Sharon Teachers Association as a representative and a Professional Rights and Responsibility Advocate. I was involved in contract negotiations.

Locally I am in my third year volunteering with the BCWC herring count and I am the Assistant Treasurer to The Garden Club of Hyannis. As of last Thursday, I am a graduate of the Inside Barnstable Town Government Citizens Leadership Academy, which is how I learned of the opportunities to volunteer.

Barnstable is an impressive town with a well-structured government. I would like an opportunity to contribute and support this community.

Thank you,
