403(b)

Plan Participation Benefits & Options

Plan Features

The 403(b) program is designed to offer a broad range of quality mutual funds and annuities that provide an opportunity to build a diversified retirement plan portfolio. Program options may include:

- Online web enrollment, view account balances, monitor transaction history, and download administrative forms.
- Update personal information, perform transactions or request an exchange of dollars between mutual funds.
- Generate transaction approval certifications for loans, transfers, and distributions.

Plan Participation

Once you enroll in the program, contributions are withheld from your wages and forwarded to the investment provider that holds the investments for your Plan. The following contributions may be applied to your account:

Pre-Tax Salary Deferrals: These contributions are withheld from your pay before federal income taxes are applied. The maximum amount you can contribute is computed on a calendar year basis and is established by the IRS from year-to-year. Information is posted to the Plan website when limits for the upcoming year are announced. For 2023, the limit on traditional deferrals is \$22,500.00.

In addition to the standard deferral limits, employees who will have reached 50 years of age before the end of any calendar year are eligible to make an additional "catch-up" contribution. For 2023, the catch-up contribution limit is \$7,500.00.

Rollovers: You may also rollover an eligible rollover distribution into the Town of Barnstable 403(b) Plan. Before you can complete an incoming rollover to this Plan, however, you must first receive an approval for the monies to be applied to your account. A PenServ representative will be able to assist you in this process.

Distributable Event

Participants who are eligible for a distribution from the Plan should complete an application and submit the form to the Plan Administrator for approval. Distributions that meet IRS requirements for payment are generally processed within 2 business days from receipt of an approved application in good order.

Participant Loans

If an employee meets certain requirements, the program offers the option to receive a loan from the Plan. Issuance of a new loan is contingent on receipt of information from current and prior investment providers. Loan requests that meet IRS requirements are generally approved within 3 business days from receipt of information required from investment providers. Please allow sufficient time for vendors to respond with required information. Loans must be repaid or the outstanding balance may become taxable upon default and future loans may be prohibited until repayment.

Note: Check with your investment provider to determine if loans are permitted from your vendor account.

Online Plan Access

Once you have enrolled in the Plan, you may view your account balances, modify your choice of investment providers, monitor contributions, and initiate investment transactions.

Plan Enrollment

Employees can enroll in the Plan using the attached Plan Access Code.

Any employee who is employed may participate in the Plan. Salary deferral information will be provided to your employer for entry into the payroll system subject to employer guidelines.

Enrollment in the Plan is a two-step process. In addition to making a salary deferral election and selecting a company to receive your contributions, you will need to complete the necessary documentation required by the selected investment provider. You should immediately contact a vendor representative for assistance in establishing your investment account if such an account does not currently exist. Failure to establish a contract or custodial agreement with your selected vendor may prevent timely investment of your funds.
