Construction Along Ocean Street and Gosnold Street, Hyannis Roadway, Sidewalk, and Watermain Improvements Project

(HYANNIS, MA – October 24, 2024) On Monday, October 28, 2024, a contractor for the Town of Barnstable is scheduled to commence construction along Ocean Street and Gosnold Street, Hyannis, to perform roadway, sidewalk, and watermain improvements. Construction will take place on Ocean Street between the John F. Kennedy Memorial and Hawes Avenue, and on Gosnold Street between Sea Street and Ocean Street.

The project scope includes improving pedestrian access and traffic safety; updating infrastructure; constructing a new entrance drive to Kalmus Beach; and extending the existing watermain to Hawes Avenue. Most of the construction will take place in the roadway or on road shoulders, and at times temporary lane closures with an alternating traffic pattern will be required to provide an adequate and safe work zone. Barnstable Police Department will be onsite to assist motorists as needed.

Construction will occur Monday through Friday, from approximately 7:00AM to 3:30PM. The project is anticipated to be completed by May 2025, weather permitting. Throughout construction, access to residences and businesses will be maintained. As always, please slow down and use caution when traveling through work zones. Follow posted safety and detour signs and directions from onsite traffic control.

Project updates will be provided via the Town's eNews Weekly newsletter. Additional information is available on the Department of Public Works page on the Town of Barnstable website. A project website containing design plans and past meetings is available at https://www.townofbarnstable.us/Departments/PublicWorks/Projects_and_Updates/Ocean-Street-Sidewalk.asp.

If you have any questions or wish to receive project updates, please contact Paul Graves, P.E., Senior Project Manager, at the Department of Public Works at 508-790-6400 or paul.graves@town.barnstable.ma.us
