

**Hyannis Water System Water Service Line Inventory  
20235609.001A**

**January 17, 2025**

The Town of Barnstable submitted an initial service line inventory to the Massachusetts Department of Environmental Protection on 10/16/2024 as part of regulatory compliance and. The purpose of this inventory is to help water systems take action to address a significant source of lead in drinking water - lead service lines (LSLs).

The attached table is a shortened version of the revised inventory submitted on 01/10/2025 containing the service address, service line material on the public and private side, classification of the entire service line, and the verification method. Material and verification codes are described below:
